LUA Prunuske pointed out the issue is that they are looking to create a 1.5 acre parcel, not that it is non-farm. Kuzniewicz stated it is farm consolidation and a non-conforming lot. Mendoza and Sarahi Basilio for a Conditional Use Permit to operate an auto repair facility at W9156 & W9178 County Road G on parcels 004-1114-0821-008 & 004-1114-0821-009. Neighboring property owner, Clancy Knaup present and pointed out building is 4/10 of a foot off of property line. Concerned with business going on there and being so close to his property. Pete Knaup present and is concerned that if it is granted it sets a precedent and opens up a big issue for the Town of Beaver Dam. A previous owner deeded off part of the parcel to Knaups to make Knaup's lot conforming and easement goes away once the property is sold. Mike Wissell present representing the Buyers of the property. Mentioned they had some difficulty with establishing the lot lines and had survey done and it did indicate the building is about a ½' off of the lot line. Building is non-conforming and grandfathered; therefore, he does not see it as setting a precedence. Fence that divides property is 16 ½' onto property and owned by Knaups. Wissell pointed out the issue is a Conditional Use Permit and proposed new owners plan on updating the house for occupancy initially and eventually use the shop as an auto repair facility. Chairman closed the public hearing.
