

ADVERTISEMENT FOR BIDS  
2020 ROAD WORK PROJECT  
TOWN OF BEAVER DAM  
DODGE COUNTY, WI

Notice is hereby given by the **Town of Beaver Dam** of Dodge County, Wisconsin, that it will receive sealed bids for the construction of the 2020 Road Work Project until August 4, 2020 at 7:00 p.m. All bids will be opened and publicly read aloud at the Town Hall located at W8540 County Road W, Beaver Dam, WI 53916 at that time.

The work for which bids are asked includes the following approximate quantities: 27,173 Tons of asphaltic pavement installation as well as pulverizing, fine grading, traffic control, gravel shouldering replacement, spot gravel base replacement, and related miscellaneous construction.

The AMMENDED BIDDING DOCUMENTS may be examined by contacting the Town Chairman by telephone at 920-885-4666. The document is also available on the Town of Beaver Dam's website ([www.townofbeaverdam.org](http://www.townofbeaverdam.org)).

No proposal will be accepted unless accompanied by a certified check or bid bond equal to at least 5% of the amount bid, payable to the OWNER as a guarantee that, if the bid is accepted, the bidder will execute and file the proper contract and bond within 15 days after the award of the contract. BIDDER is required to deliver the original certified check or bid bond within the 72 hours of bid opening to the OWNER. The certified check or bid bond will be returned to the bidder as soon as the contract is signed, and if after 15 days the bidder shall fail to do so, the certified check or bid bond shall be forfeited to the OWNER as liquidated damages.

No bidder may withdraw his bid within 60 days after the actual date of the opening thereof.

The owner reserves the right to waive any informalities or to reject any or all bids.

The contractor shall be pre-qualified by the Town of Beaver Dam to perform the work for this bid.

A letting of the work described herein is subject to the provisions of Section 66.293 Wisconsin Statutes and the law and ordinances of the Town of Beaver Dam of Dodge County relating to wage rates payable on the work.

Name: John Kuzniewicz  
Title: Town Chairman

# **SPECIFICATIONS**

## **General**

**These bidding documents supersede any previous bidding documents supplied for the 2020 Road Work Project in the Town of Beaver Dam, Wisconsin.**

The **Town of Beaver Dam**, the issuer of this bid proposal, shall hereinafter be referred to as “the Owner”. All work or procedures not specifically stated within this specification shall follow the Engineers Joint Contract Documents Committee (EJCDC) Standard General Conditions of the Construction Contract, which shall hereinafter be referred to as the “General Conditions”, as well as the current edition of the State of Wisconsin Standard Specifications for Highway and Structure Construction and all amendments to date thereto, which shall hereinafter be referred to as the “State Specifications”.

The Town of Beaver Dam will only accept bids from contractors that are pre-qualified by the Town Board to perform the project work. Contractors can become pre-qualified if they (1) are a certified contractor with the Wisconsin Department of Transportation and have a successful past history working for the Town of Beaver Dam on similar type projects or (2) submit a completed Town of Beaver Dam Qualification Statement and are approved by the Town Board to be pre-qualified for the project work.

All Bid Quantities are estimated. The Contractor shall field verify all quantities and work prior to submitting a Bid. Final quantities shall be adjusted to reflect the field installed quantities as measured by the Owner. The unit price in the Bid shall not be adjusted though final quantities may vary. Lump sum prices shall not be adjusted. The Owner’s estimate of quantities as shown in the Bid is approximate and the right is reserved by the Owner to increase or decrease said quantities. The Owner also reserves the right to remove roadway sections from the Work if it is in the best interest of the Owner.

All work, labor, materials, etc. included in this project shall be guaranteed against any defects in workmanship or materials for a period of one year following the date of acceptance (final payment) of all improvements by the Owner. Neither the final payment nor any provision in the contract documents shall relieve the Contractor of the responsibility for negligence or faulty materials or workmanship within the extent and period provided by law and upon written notice, the Contractor shall remove any defects due thereto and pay for any damage due to other work resulting there from, which shall appear within one (1) year after the date of final acceptance.

The Contractor shall notify all of the adjacent residents/businesses that may be directly affected by the proposed construction activities (property access during construction, etc.). This notification shall be at least 24 hours prior to the proposed construction activity and shall be delivered either by personal contact and/or by placing a written notification in a conspicuous location at each property. The notification shall clearly indicate the type of construction activity, the start date and time, the finish date and time, and what the effect will be upon the property owner or what response the contractor is expecting from said property owner. Additionally, the Contractor shall provide similar notice to the Town of Beaver Dam (Owner).

## **Insurance**

The Contractor shall furnish and deliver to the owner a certificate of insurance for the amounts indicated below which will supersede the General Conditions. The Contractor’s insurance shall begin prior to the start of any

work and shall remain in effect for three years after final payment. The Contractor shall notify the Owner immediately of any cancellation or change in insurance coverage.

The Contractor shall provide coverage for not less than the following amounts or greater of liability insurance required by Laws and Regulations, and possess a financial rating of A- or better:

1. Workers' Compensation, and related coverages under Paragraphs 5.04.A.1 and A.2 of the General Conditions:
  - a. State: Statutory
  - b. Applicable Federal (e.g., Longshoreman's): Statutory
  - c. Employer's Liability:
    - Bodily Injury by Accident - \$100,000 Each Accident
    - Bodily Injury by Disease - \$100,000 Each Employee
    - Bodily Injury by Disease - \$500,000 Policy Limit
  
2. Contractor's General Liability under Paragraphs 5.04.A.3 through A.6 of the General Conditions which shall include completed operations and product liability coverages:
  - a. General Aggregate (per project) \$2,000,000
  - b. Products-Completed Operations Aggregate \$2,000,000
  - c. Personal and Advertising Injury \$1,000,000
  - d. Each Occurrence (Bodily Injury and Property Damage) \$1,000,000
  - e. Property Damage liability insurance will provide Explosion, Collapse, and Underground coverages where applicable. Provide X, C, U Standard
  
3. Excess or Umbrella Liability:
  - General Aggregate \$3,000,000
  - Each Occurrence \$3,000,000
  
4. Automobile Liability under Paragraph 5.04.A.6 of the General Conditions:
  - a. Combined Single Limit (Bodily Injury and Property Damage Each Accident) \$1,000,000
  
5. The Contractual Liability coverage required by Paragraph 5.04.B.3 of the General Conditions shall provide coverage for not less than the following amounts:
  - a. Bodily Injury:
    - Each Person \$1,000,000
    - Each Accident \$2,000,000
  - b. Property Damage:
    - Each Accident \$1,000,000
    - Annual Aggregate \$2,000,000

**Traffic Control**

The contractor will be responsible for all traffic control, including furnishing and maintaining all signs, flags, flag-persons, barricades and lights where required, to protect the safety of the traveling public, all in accordance with the FEDERAL HIGHWAY ADMINISTRATION AND WISCONSIN DEPARTMENT OF TRANSPORTATION **Manual on Uniform Traffic Control Devices**, 1988 edition and its supplements. All traffic control work will be incidental to construction.

### **Completion & Liquidated Damages**

All work is to be completed and ready for final payment on or before October 31, 2020. If unforeseen problems, delays, or weather issues occur, the Contractor and the Town of Beaver Dam may negotiate by separate written agreement to increase the completion date for a portion of the work into the 2021 calendar as long as the unit pricing remains the same. The Contractor's final pay request submittal to the Owner shall also include a full lien waiver.

The Contractor and Owner recognize that time is of the essence regarding this project work and that the Owner will suffer financial loss if the Work is not completed within the times specified above, plus any extensions allowed in accordance with Article 12 of the General Conditions. The parties also recognize the delays, expense and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER \$500 for each day that expires after the time specified above for completion and readiness for final payment until the Work is completed and ready for final payment.

### **Progress Payments & Retainage**

OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR's Applications for Payment on or about the last day of the month following the month of submittal of the Application for Payment. All such payments will be measured by the schedule of values established as provided in Paragraph 2.07.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed as measured by the Owner. Prior to Completion of the project work, progress payments will be made in an amount as requested by the Contractor and as confirmed by the Owner but, in each case less the aggregate of payments previously made and less such amounts that the Owner may withhold, including but not limited to, a 5% retainage of the Work completed as well as liquidated damages in accordance with the General Conditions. Upon final completion and acceptance of the Work in accordance with Paragraph 14.07 of the General Conditions, OWNER shall pay the remainder of the Contract Price including the 5% retainage.

## **ASPHALT CONCRETE**

### **Construction Procedures**

#### **Production**

The contractor shall provide adequate trucks and paving train equipment to assure a continuous paving operation and avoid frequent delays.

After the asphaltic concrete paving has started, the contractor shall proceed to complete the project at the earliest possible date. If the contractor should determine it necessary to stop the paving operation, the contractor shall make a request to the owner for permission to stop work.

#### **Asphaltic Concrete Pavement Materials**

The asphalt cement shall be performance graded **PG 58-28**. The contractor shall provide a current mix design that will be used on the project.

#### **Asphaltic Concrete Basis of Payment When by the Ton**

An asphaltic pavement mixture of the type or types included in the contract shall be measured by the ton of mixed aggregates and bituminous material laid and compacted in place. The price shall be full compensation for producing, furnishing, and placing all materials including asphalt cement, and for all labor, tools, equipment, testing and incidentals necessary to complete the work.

Payment will be made only for supplied material accompanied by a ticket containing the following information.

1. Ticket number, date and time
2. Type of material
3. Net weight

Copies of the tickets shall be given to the owner. Load tickets must be from a certified scale.

## **CRUSHED AGGREGATE BASE COURSE**

### **Crushed Aggregate Base Course or Shoulders**

- A. This item shall consist of supplying, placement and compaction of a dense compacted base course composed of one or more courses or layers of course aggregate, either crushed gravel or crushed stone, fine aggregate and binder or filler blended as necessary to produce an intimate mixture of the required gradation and stability, constructed on the prepared foundation in accordance with the specifications and in reasonably close conformity with the lines, grades, thicknesses and typical cross sections shown on the plans or established by the Owner. Substitute material such as recycled concrete or recycled asphalt, reasonably free of reinforcement, wood or other deleterious materials, are also acceptable.
- B. Crushed aggregate shall be in conformance with Section 304 of WisDOT Standard Specifications, 2011 Edition. Materials shall conform to gradation No. 2 or 3.
- C. Basis of payment shall be the contract unit price per Ton for crushed aggregate base course.
- D. All base course must have weight tickets from a certified scale or shall be converted from cubic yards, truck measure by averaging select representative loads as directed and supervised by the **Town of Beaver Dam** and/or its' representative.
