Chairman opened the public hearing on the appeal of Mathew R. & Michelle M. Stephens of the land use administrator's order to correct a violation of s 62-182(2), accessory structures not to exceed 20 feet in height, on parcel 004-1214-2811-022 at N8022 Cherry Drive, Beaver Dam, WI. Mathew & Michelle Stephens present indicating built 30x40 shed, submitted plans, built shed not realizing height. No one else present in favor of or in opposition to appeal. Discussion. Motion (Guenther/Voigt) to close public hearing. Motion carried.

Neighbor Gary Wylskey present and spoke in opposition expressing concern with height and general concern for construction of structure on the parcel.

Neighbor Roxanne Kading present and spoke in opposition. Roxanne's father was original builder 60+ years ago and had no one in neighboring lot, and now no longer has sunlight, and all she sees is the building when out in her yard.

Hubert Drive resident Daniel Billington present and spoke in favor. Billington indicated structure is not obtrusive, nor does it impeded on anyone's view and feels that the difference of 1' will not change anything.

LUA Prunuske notified Stephens while structure was under construction and as soon as height was noticed via a letter when trusses went up and that the structure was taller than 20'.

Town Board Chairman John Kuzniewicz asked the Board of Appeals to look at Town Ordinances.

Del Guenther indicated Board of Appeals was not authorized to enforce Ordinances, rather to be lenient in some cases if common sense shows they should.

Chairman Schmitt indicated the Stephens' have five options: Appeal in Circuit Court, replace trusses, construct a breezeway to connect structure to house, chop off 1.8' from top of structure, nothing.

Neighbor Valerie (sister to Roxanne, father built first house in subdivision) spoke in opposition and expressed concern for the structure blocking sunlight and having an effect on her garden.

Discussion.

Bohl confirmed with Mathew Stephens that he will get permit for construction of breezeway.
